Subject: Extension of Expiration Date for ASME Quality System Certificate as a Material Organization (QSC-269) Exp. 1/21/2010

This letter is to serve as an extension of expiration date for the subject Certificate for which the current expiration date is January 21, 2010 and was previously extended to April 9, 2010; May 17, 2010 and July 17, 2010.

Since the results of the ASME survey conducted on February 1-3, 2010 are presently being evaluated by the ASME, this extension will allow sufficient time for the evaluation to be completed. Therefore, this extension will expire upon the date of the completion of the evaluation of the results or on **August 16, 2010**, whichever comes first.

Very truly yours,

Bibi W. Rahim, Manager
